### A BRAVE ACT.

In these days of exposure of police isdeeds it is pleasant to record a brave and commendable act on the part of a member of a force whose reputation for devotion and bravery at least cannot be assatled.

Matthew Monaghan, the member of the Broadway Squad who guards the crossing at Barclay street and Broadway, was on duty last Saturday afternoon, when a runsway horse attached to a mall wagon came tearing down the crowded thoroughfare. An old man was in the cart, and he had lost control of the powerful horse, which by some means had become stripwas immediate danger of a collision with the cable cars, and a wild scene of confusion prevailed.

Monaghan sprang into the road, and by some adroit means seized the horse by the car and turned his head on one side, stopping him as easily as if he had been completely harnessed. The feat was a remarkable one, and as it was performed at the risk of the man's life, and probably prevented a fatal accident, it \$1,500,000 in unclaimed accounts. that will give the best returns to the certainly deserves notice.

## ARRESTED BY HUNDREDS.

Chicago Railronds on a Crusade Against People Who Steal Rides. (By Associated Press.)

CHICAGO, Sept. 17 .- The Lake Shore and Rock Island railroads have begun a crusade against men and boys who make a daily custom of stealing rides on their trains within the city limits. As a result of one raid 224 of the offenders were

gathered in. Thirty-three of the offenders were sent South Side Police Court. The raid was managed by special

agents of the railroad companies, sisted by city police, and covered the sisted by city police, and covered the territory from Polk street to Englewood. The special agents drove the offending passengers from the trains into the arms of deputies, who were stationed at convenient points. Oathering their prisoners in squads the officers took them to patrol wagons held in waiting near by and hurried them to the nearest station. Those arrested included workingmen who had boarded the trains to escape the payment of fares, and in most cases of this kind the prisoner was let go.
